Complaints Policy and Procedure

Purpose
The purpose of this policy is to inform and protect learners, staff and contractors of Learning Partnerships of the process of complaints handling by the organisation outlining clear intent, delegation and expectations. The principles of natural justice and procedural fairness are adopted at each stage of the process.

Scope
This policy refers to all enrolled learners, staff and contractors of Learning Partnerships and will be published publicly.

Responsibility

- All learners, stakeholders and the general public will be informed about the Complaints Policy and Procedure on the website and learner handbook.
- All complaints will be handled professionally and confidentially.
- All parties will have a clear understanding of the steps involved in the complaint procedure.
- Learners, stakeholders and the general public will be provided with details of external authorities they may approach, if required.
- All complaints will be managed fairly and factually with all parties offered an opportunity to tell their side of the story before decisions are made.
- Learning Partnerships will follow the complaint procedure and resolve the issue within 28 days of initiation.
- Learning Partnerships will record each step of the process on the 7002 Complaint Record

Learners, stakeholders and the general public may raise matters of concern relating to training delivery, marketing and assessment, the quality of the training, discrimination, sexual harassment and other issues that may arise.

Learning Partnerships will encourage the parties involved to approach a complaint procedure with an open mind and attempt to resolve problems through discussion and conciliation. Where a complaint cannot be resolved through discussion and conciliation using the principles of natural justice, we acknowledge the need for an appropriate external and independent agent to mediate between the parties.

The complaint procedure steps through 4 stages as required, which are recorded and filed securely in Learning Partnerships’ central office. All staff will be made aware of the procedure and policy during their induction.
